

This product is intended for installation only by expert users. Please consult with a qualified technician for installation. Improper installation may result in damage to your equipment. EK Water Blocks assumes no liability whatsoever, expressed or implied, for the use of these products, nor their installation. The following instructions are subject to change without notice. Please visit our web site at [www.ekwb.com](http://www.ekwb.com) for updates. Before installation of this product please read important notice, disclosure and warranty conditions printed on the back of the box.

Before you start using this product please follow these basic guidelines:

1. **Please carefully read the manual before beginning with the installation process!**
2. **The EK-HFB and EK-ACF type fittings require only a small amount of force to screw them firmly in place since the liquid seal is ensured by the rubber o-ring gaskets.**
3. **The use of corrosion inhibiting coolants is always recommended for any liquid cooling system. EKWB recommends any of the EK-Ekoolants for worry-free usage.**

## STEP 1 INSTALLING THE ASSEMBLY USING CUSTOM HOLDER EK-UNI Holder DDC Spider 120mm FAN

If you have an option to mount the assembly on 120mm fan or 120mm FAN mounting holes, EKWB recommends simple and elegant solution - *EK-UNI Holder DDC Spider 120mm FAN*.

**REQUIRED TOOLS:** Allen key 2,5mm (enclosed)
