

EK Fluid Gaming

Custom Liquid Cooling Solutions for Enterprise Markets

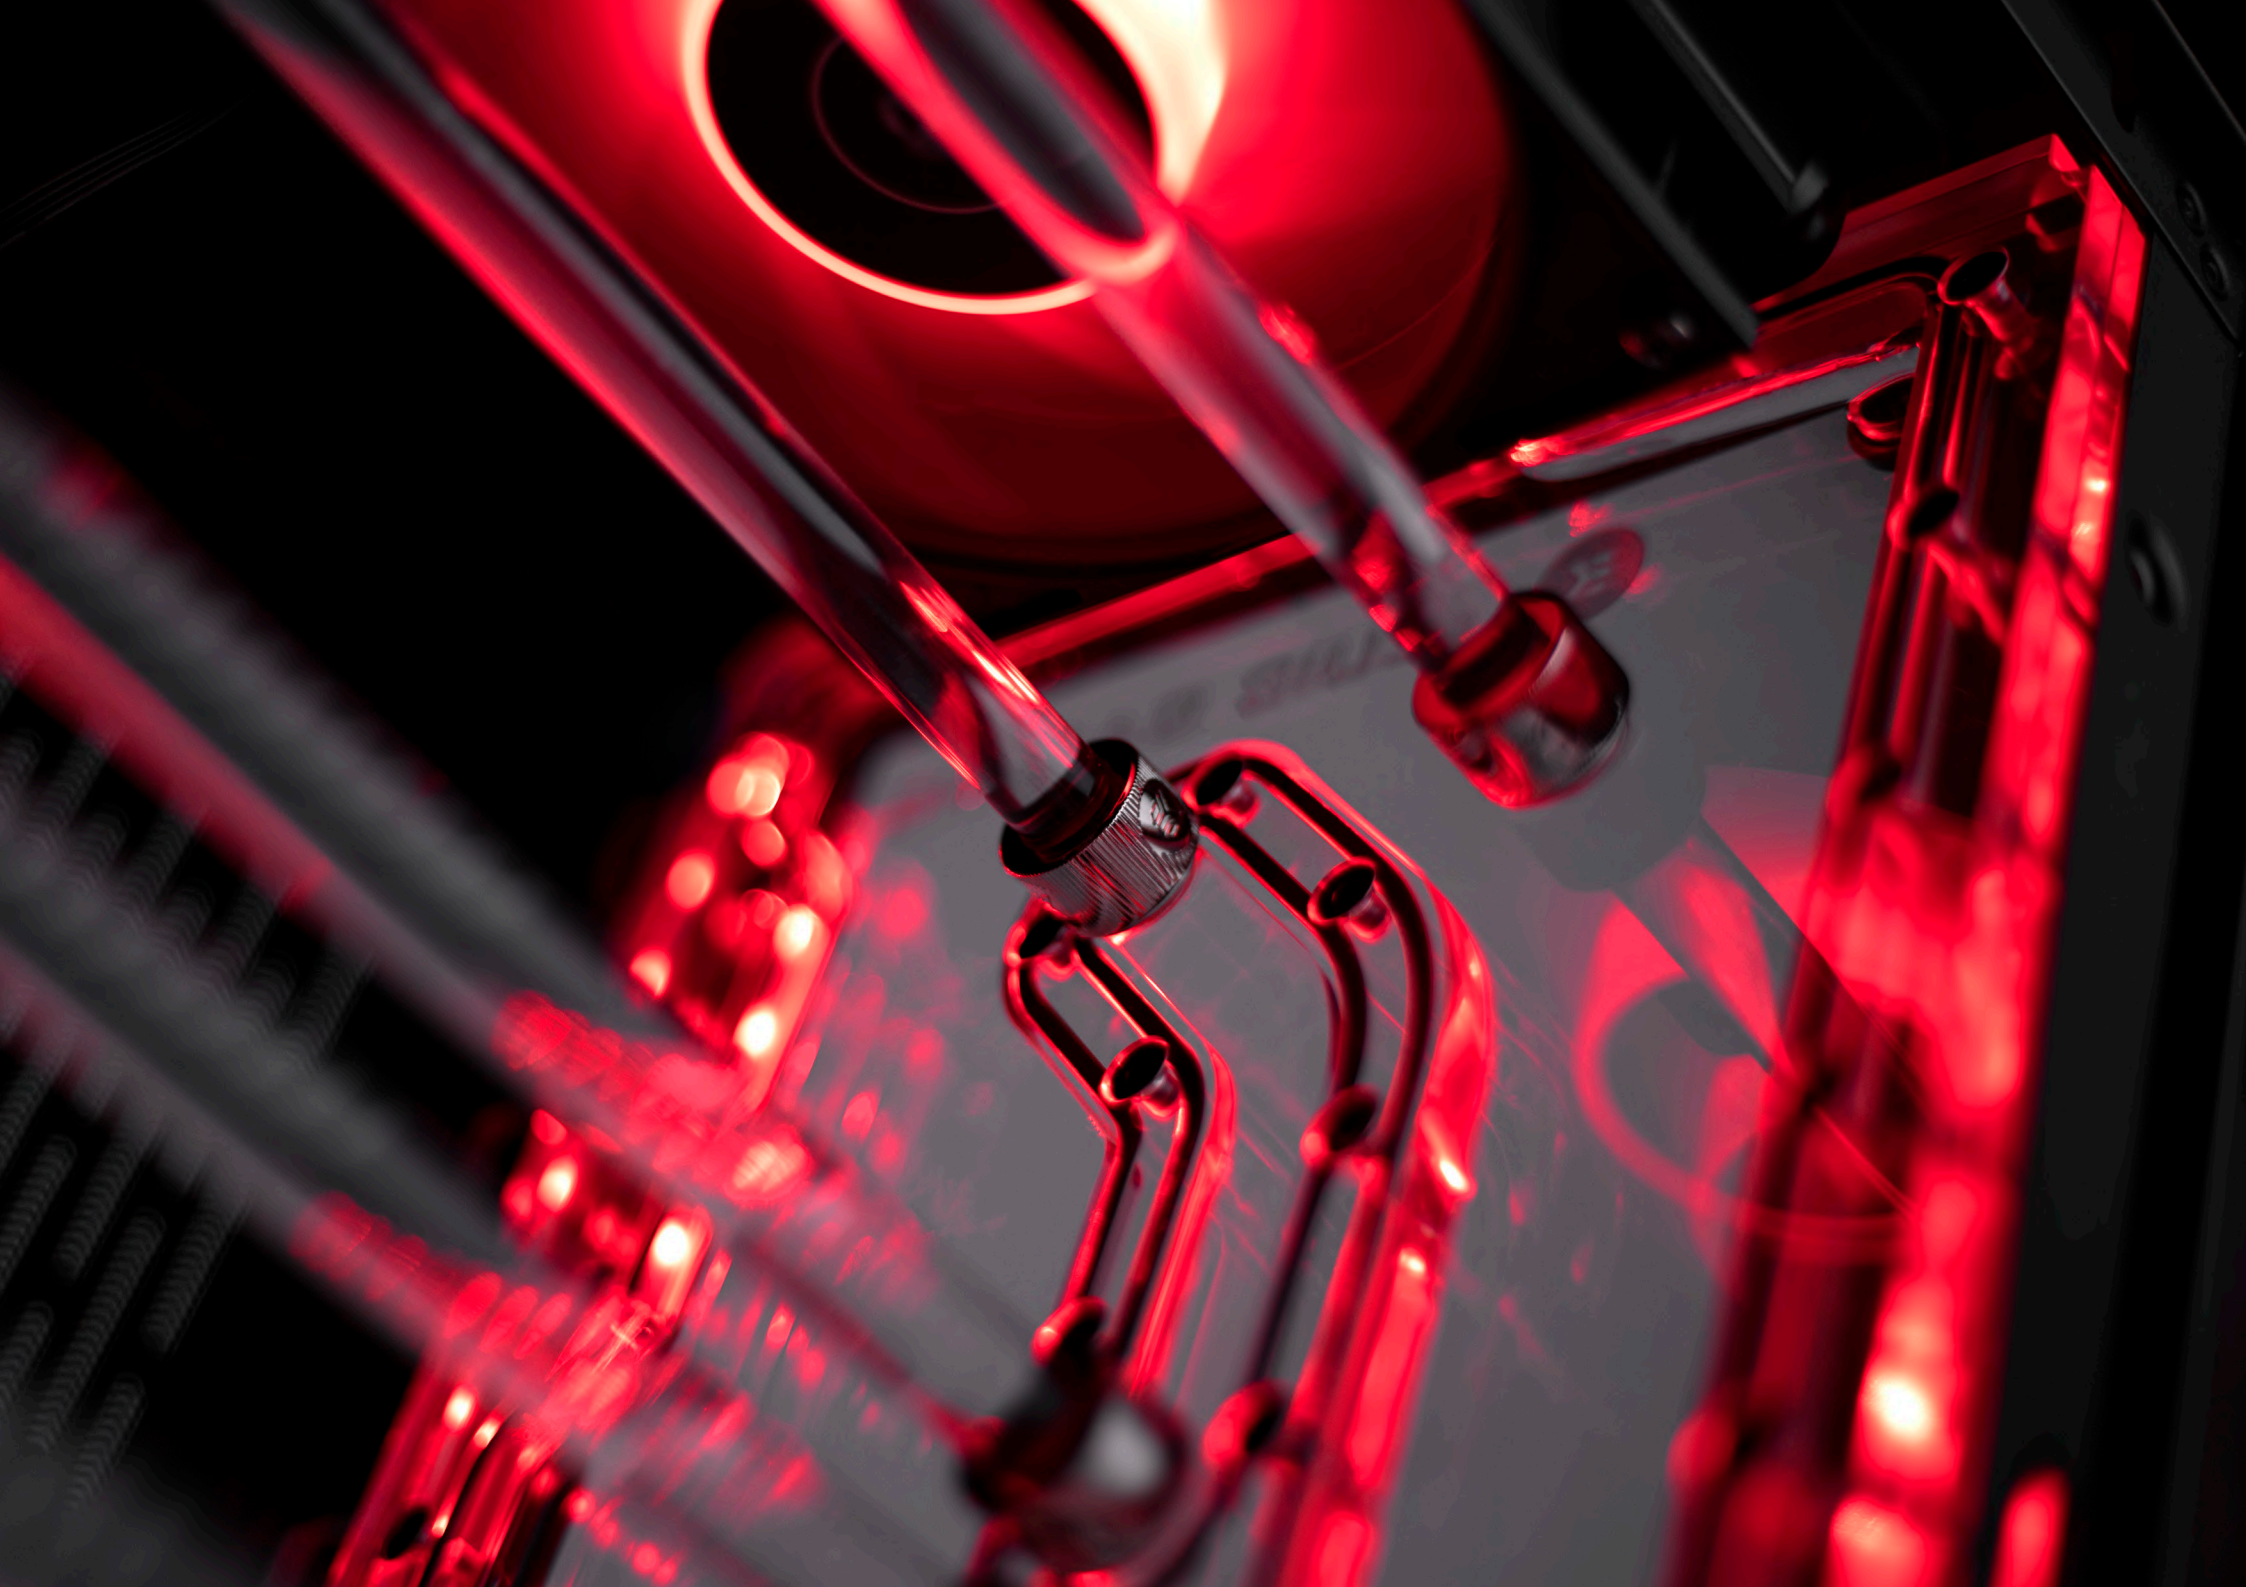

EK-Fluid Gaming

270 CONQUEST

The EK-Fluid Gaming 295 Vanquish is our ultimate, fully liquid-cooled gaming PC. It features the latest AMD® Ryzen™ 9 5950X CPU alongside an NVIDIA® RTX™ 3090 GPU – both fitted with a custom EK D-RGB water block for ultra-low temperatures and maximum gaming performance.

This gaming PC also comes with a custom-made EK D-RGB distribution plate, complete with an integrated DDC pump, dual RAD configuration, and hard-line liquid cooling for both CPU and GPU. It boasts stunning aesthetics and a fully-customizable D-RGB lighting display, delivering that next-generation 4K ultra-ray tracing gaming experience straight out of the box – all that with a three-year warranty for your peace of mind.

COOLING	EK HARDLINE CUSTOM WATER-LOOP
CHASSIS	Lian-Li PC-011D

EK-Fluid Gaming

270 VANQUISH

The EK-Fluid Gaming 270 Conquest is a fully liquid-cooled AMD gaming PC. It is powered by the latest Ryzen™ 7 5800X CPU alongside Radeon™ RX 6800 GPU, each fitted with a custom EK D-RGB water block for ultra-low temperatures and maximum gaming performance. Utilizing the new Smart Access Memory feature from AMD® – exclusively available for gaming PCs powered by AMD Ryzen 5000 and Radeon 6000 – the 270 Conquest takes full advantage of the current X570 PCIe 4.0 technology for the ultimate gaming performance.

The 270 Conquest comes fitted with a custom EK D-RGB distribution plate, complete with an integrated SPC pump, 360mm RAD, and hard-line liquid-cooling for both CPU and GPU. It boasts stunning aesthetics and a fully-customizable D-RGB lighting display, delivering that next-generation 1440p gaming experience straight out of the box – all that with a three-year warranty for your peace of mind.

CPU	Ryzen 7 5800X
